Add: Room1105, Block B, ChinTo Technology Building, Minzhi Road, LongHua, Shenzhen,China

SKU:OKY3261-6

Name:RCWL-1005 10MM transceiver integrated ultrasonic ranging module

Description:

Support GPIO.UART,IIC and 1-WIRE multiple output modes, the default output mode is compatible with HC-SR04

Specification:

- 1.Weight:27g
- 2.Working voltage:2.8-5V
- 3.Working current:2mA
- 4.Period:50mS
- 5.Adopt professional chip:RCWL-9624
- 6.Support:GPIO.UART,IIC and 1-WIRE multiple output modes
- 7.The default output mode:Compatible with HC-SR04

Package Including:

- 1 * RCWL-1005 Ultrasonic Ranging Module
